

PETRONAS Powering Knowledge (Post-SPM) Education Sponsorship 2024 APPLICATION INSTRUCTIONS

Shape the Future with Us

We call on all 2023 Sijil Pelajaran Malaysia (SPM) candidates who exhibit outstanding talent, dedication, and potential to apply for education sponsorship under the PETRONAS Powering Knowledge initiative.

While we aspire to realise its business goals, PETRONAS continues to uphold its contributions to sustainable development through improving access to quality education, promoting learning and development activities as well as enabling deserving recipients to realise their careers aspirations.

Since 1975, PETRONAS has nurtured more than 38,000 young talents from diverse backgrounds to pursue their ambitions and help shape the future of the company, the energy industry, and the nation.

PETRONAS Powering Knowledge initiative is open for students to pursue their undergraduate studies at higher learning institutions as follows:

- i. Universiti Teknologi PETRONAS; including 1-year Foundation Programme
- ii. Top Universities in Malaysia; including the compulsory duration of Foundation Programme
- iii. Overseas Universities; including up to 24 months of Pre-University Programme in Malaysia

Our selection committee is committed to identifying and nurturing the most promising talent among the applicant pool. In selecting the deserving wholesome talents, each application is carefully reviewed, considering academic achievements, personal character, leadership potential, and community impact.

As it is highly competitive, we want to emphasize that only those who meet the requirements will be shortlisted and selected for final award.

Preparing your application

Before starting the application process, we encourage you to embark on a journey of self-discovery to better understand your strengths and align them with your career aspirations. A great way to discover this process is by taking advantage of the various online tests available. Here are some suggestions but not limited to:

- [Free Personality Test | 16Personalities](#)
- [Assessment.com - Home of the MAPP Assessment - Assessment.com](#)
- [Career Quiz | The Princeton Review](#)

(Please note that PETRONAS is not affiliated with any of the test providers mentioned above)

We believe in the significance of self-assessment as a stepping stone towards your academic and professional journey. As a guidance, you may refer to **Part G & H** for additional information on our Business Snapshots, overview of disciplines offered and its potential career path in PETRONAS.

Please note your FIRST CHOICE OF PROGRAMME will be final upon submission. Do choose wisely as the application process will be based on your FIRST CHOICE OF PROGRAMME selection.

Your second choice of programme will be subjected to PETRONAS discretion.

Please refer to **Part E. Online Application System (OAS) Guidelines – item 3.2 Programme Selection.**

A. ELIGIBILITY CRITERIA

- i. SPM of the current year.
- ii. Malaysia citizens aged between **16 – 19 years old in 2024**.
- iii. **Strong leadership skills** and **active participation** (demonstrable) in extra-curricular activities.
- iv. Academic qualification required for the sponsored programme:

Program	Disciplines	Qualification Required
Local Universities	<ul style="list-style-type: none"> • Chemical Engineering • Mechanical Engineering • Electrical Engineering • Instrumentation Engineering • Petroleum Geoscience • Petroleum Engineering 	<ul style="list-style-type: none"> • Min 8A in SPM, which includes the following subjects: <ul style="list-style-type: none"> ○ Physics ○ Chemistry ○ Mathematics • Min CEFR B1
	<ul style="list-style-type: none"> • Computer Science/Software Engineering 	<ul style="list-style-type: none"> • Min 8A in SPM, which includes the following subjects: <ul style="list-style-type: none"> ○ Mathematics ○ Add Math • Min CEFR B1
	<ul style="list-style-type: none"> • Accounting/Finance • Economics • Marketing • Law 	<ul style="list-style-type: none"> • Min 8A in SPM, which includes Mathematics • Min CEFR B1
Overseas Universities	<ul style="list-style-type: none"> • Chemical Engineering • Mechanical Engineering • Electrical Engineering • Instrumentation Engineering • Geoscience/Geology/Geophysics • Petroleum Engineering • Applied Chemistry 	<ul style="list-style-type: none"> • Min 4A+ and 4A in SPM, which includes the following subjects: <ul style="list-style-type: none"> ○ Physics ○ Chemistry ○ Mathematics; and ○ Add Maths at A+ • Min CEFR C1
	<ul style="list-style-type: none"> • Computer Science/Software Engineering • Mathematics / Statistic (Data Science) 	<ul style="list-style-type: none"> • Min 4A+ and 4A in SPM, which includes the following subjects: <ul style="list-style-type: none"> ○ Mathematics ○ Add Math • Min CEFR C1
	<ul style="list-style-type: none"> • Accounting/Finance • Economics • Marketing • Actuarial Science (Financial Risk) • Psychology / Sociology (Organization Behavior) • Law 	<ul style="list-style-type: none"> • Min 4A+ and 4A in SPM, which includes Mathematics • Min CEFR C1

Country of Study & Learning Institution

PETRONAS will determine the placement of Learning Institutions based on awarded programmes for Pre-U & Foundation / Undergraduate Programme as per following list below:

Programme	Country	Learning Institution	Remarks
Overseas Programme	<ul style="list-style-type: none"> • United States • United Kingdom • Australia • New Zealand 	<ul style="list-style-type: none"> • Kolej Yayasan UEM • Taylors University • Kolej Tuanku Ja'afar • INTEC • Sunway University • UCSI University 	<ul style="list-style-type: none"> • Pre-U Program List: <ul style="list-style-type: none"> ○ A-Level for US/UK ○ AUSMAT for Aust/NZ ○ EJU for Japan ○ HSK for China ○ Korean Prep for Korea • The listed Learning Institutions is for your Pre-U programme. • Application to universities will be based on approved universities by PETRONAS. Respective Learning Institutions will facilitate the application process during application period.
	Korea	INTEC	
	Japan	Pusat Bahasa Teikyo	
	China	Management & Science University (Twining)	
Local Programme	Malaysia	<ul style="list-style-type: none"> • Universiti Teknologi PETRONAS • Universiti Malaya • Universiti Kebangsaan Malaysia • Universiti Putra Malaysia • Universiti Utara Malaysia • Curtin University • Swinburne University • University Nottingham Malaysia • Sunway University • Heriot-Watt Universiti Malaysia • University of Wollongong Malaysia 	<ul style="list-style-type: none"> • The listed Learning Institutions shall cover your entire duration of study from foundation to your undergraduate programme. • For placement at IPTA, students are not required to submit your UPU as your placement will be managed by PETRONAS, in collaboration with IPTA.

Please note PETRONAS reserves the right to continue or change the country of study / Learning Institution if deemed necessary in its absolute discretion.

B. ASSESSMENT

Applicants who have been shortlisted will receive notification to proceed to the next stages of the application.

Assessment	Medium	Detail
Personality & Cognitive Assessment	Online assessment	To assess candidates' personality and cognitive abilities focusing on problem solving and critical thinking skills. Candidate will require internet access to complete the assessment on any mobile/device.
Student Potential Assessment (SPA)	Face-to-face assessment	To measure candidates' leadership and interpersonal skills Please note ONLY SHORTLISTED CANDIDATES will be invited based on the programme eligibility. Further details will be provided to your submitted e-mail address within 2 days before your slot.

PERSONALITY & COGNITIVE ASSESSMENT

As part of our commitment to selecting the most deserving candidates, we have designed a comprehensive evaluation process to gain a deeper understanding of your unique qualities and capabilities.

The purpose of this assessment is to measure various aspects of your personality traits and cognitive abilities. By examining these factors, we aim to evaluate and identify the qualities that are align with the role of a scholar with PETRONAS.

The Personality Assessment:

The personality assessment measures five personality traits that are part of a widely recognized framework for understanding of human personality. This helps us understand and describe different aspects of a person's character. These traits are often assessed to gain insights into your unique qualities and how they may contribute to your success in various areas of life, including academics.

The Cognitive Ability Assessment:

The cognitive ability assessment is a game-based experience that evaluates your ability to approach problems analytically and quickly absorb and interpret new information. By assessing your cognitive abilities, we can gain insights into your potential to excel in your chosen academic discipline and contribute to the advancement of knowledge and innovation.

You are required to complete the online assessment by using any devices such as smart phones or laptops. It will take you about 20 minutes.

A link to the assessment **will be sent to your registered e-mail** like below:

The image shows a screenshot of an email invitation from PETRONAS. The email header includes the PETRONAS logo and the text "ASSESSMENT FOR PETRONAS POWERING KNOWLEDGE EDUCATION SPONSORSHIP". The main body of the email is white with a teal header. It addresses "Dear Noh Afiq Mohd Hilmi" and states that PETRONAS would like to invite him to participate in an online assessment. The email provides the following details:

- ESTIMATED DURATION: 20 minutes
- COMPLETE BY: May 02, 2024 - 11:59 p.m. +08 (UTC+0800)

It also includes contact information for questions: edu_application2024@petronas.com.my. A callout box with an orange border highlights the "Take Assessment" button, which is the second step in a two-step process. To the right of the email screenshot is a callout box titled "Game-based Assessments" with a blue background and a grid of colorful icons. The text in this box reads: "Your interview contains a section with games for you to complete. These games measure various cognitive abilities by presenting you with different challenges." Below this text is a bulleted list:

- Detailed instructions are presented for each game.
- Each game has its own time limit and progress indicator.
- You may take a break in between each game.

As the link will direct you the assessment platform, you may refer to the **Game-based** assessment.

We look forward to receiving your results soon.

STUDENT POTENTIAL ASSESSMENT (SPA)

Student Potential Assessment (session with PETRONAS assessors) is scheduled to be conducted from 21 – 30 June 2024 (unless otherwise notified by PETRONAS).

Further details will be provided to your submitted e-mail address within 2 days before your slot.

Please note that **ONLY** shortlisted candidates based on the programme eligibility will be invited to the Student Potential Assessment (SPA)

We look forward to meeting you soon!

C. PROCESS & SCHEDULE

Process	Schedule
Online Application Form opens	23 May 2024, 12.00pm
Online Application Form closes	2 June 2024, 12.00pm
Announcement & Invitation for Online Assessment <i>(Eligible candidates will be notified via submitted email)</i>	7 June 2024
Personality & Cognitive Assessment (Online)	7 – 10 June 2024
Student Potential Assessment (SPA)	21 – 30 June 2024
Announcement of the Sponsorship Award	22 July 2024
Reply on Acceptance/Rejection of the Sponsorship Award	22 July – 5 August 2024

D. IMPORTANT NOTES

- i. All applications must be submitted online.
- ii. Please note your FIRST CHOICE OF PROGRAMME will be final upon submission. Choose wisely as all application process will be based on your FIRST CHOICE OF PROGRAMME selection.
- iii. Notification of successful candidates for the next selection process and award will be announced via [Online Application System \(OAS\)](#). Please remember your username and password for login.
- iv. Incomplete or late application will not be processed.
- v. NO processing fee is required for PETRONAS Powering Knowledge initiative application.

E. ONLINE APPLICATION SYSTEM (OAS) GUIDELINES

OAS Guidelines is provided to you in completing the online application form. Kindly ensure that you have read and understand the OAS Guideline before submitting the online application form.

1. By submitting your details, you are allowing PETRONAS to use your personal data for the purposes of your application for the education sponsorship and/or the further usage of the same in the event you are successful in your application, including disclosing such data to any education institution for the purposes of securing a placement.
2. The personal data collected shall be kept safely at PETRONAS and the data will be retained for a reasonable period or for as long as the law requires.
3. In the event you are unsuccessful in your application, PETRONAS shall destroy all personal data submitted by you, together with any other related documents submitted thereto.
4. The accuracy of the personal information depends to a large extent on the information you provide. Therefore, kindly update PETRONAS as and when your personal information provided earlier becomes incorrect or out of date by contacting us via the contact details stated in the provision below.
5. If at any time, you wish to withdraw such consent you have given for the usage of your personal data, you may contact us at email: (edu_application2024@petronas.com.my) for further action.
6. I hereby certify that all information and statements provided are true and correct. All photocopy of related certificates and documents to support this application are valid as required. I hereby further certify that the PETRONAS Powering Knowledge Education Sponsorship Committee has an absolute right to reject this application; or withdraw the PETRONAS Education Sponsorship offer at any time if there is any mistake or doubt to be found in any of information and/or statement provided thereto.
7. PETRONAS will not disclose any of your personal data collected herewith to any third party except where you have given PETRONAS permission to do so under PETRONAS's privacy policy.

5. Reset locked account

The screenshot shows the PETRONAS login interface. At the top left is the PETRONAS logo. The main heading is "PETRONAS Powering Knowledge". A message in red text states: "Your account is locked! Please click Forgot Password link." Below this are two input fields: "Username" and "Password". At the bottom of the form are three buttons: "Register", "Forgot Password", and "LOGIN".

Note: Please refer "Forgot username/and password"

6. Change password

The screenshot shows the "Change Password" page in the Online Application System (OAS). A red circle with the number 1 points to the "Change Password" button in the top navigation menu. The page includes the PETRONAS logo, a navigation menu with buttons for "Status", "Application Form", "Print Form", "Change Password", and "Logout". Below the menu are fields for "Username", "I.C Number", and "Email", along with a "Change Email Address" button. A large message box states: "Your application form is completed". The message text reads: "Your details have been successfully saved and is currently being processed. You are still allowed to visit this portal for application form printing purposes ONLY. Notification of successful candidates for the next selection process and award will be announced via [Online Application System \(OAS\)](#). Please remember your username and password for login. We wish you all the best!". On the left side, there is a vertical menu with buttons for "Start", "Applicant's Consent", "Programme Selection", "Personal Information", "Contact Information", "Family Information", "Academic Information", "Co-Curriculum Information", "Other Information", "Declaration", "Verify & Submit", and "End".

- ii. Sijil Pelajaran Malaysia (SPM) result
- iii. Pentaksiran Aktiviti Jasmani, Sukan & Kokurikulum (PAJSK) or equivalent
- iv. Participation or involvement in co-curriculum, community activities, projects organized by NGO, international competitions or equivalent as specified in application form (if any)
- v. Latest Income statement each of your father AND mother. Please refer to Attachment I,II & III for further details.

G. BUSINESS SNAPSHOTS

Business Snapshots

Upstream

Career in Upstream:

Drilling Engineer | Production Engineer | Geologist/Geoscientist
Petroleum Engineer

What do we do

Our Upstream business **explores and develops** hydrocarbon resources and operates oil and gas production assets in Malaysia and **over 20 countries**. PETRONAS, through Malaysia Petroleum Management (MPM), is the country's oil and gas industry shaper and investment enabler that **spearheads the growth and development** of the nation's oil and gas industry.

In 2022, we reduced our greenhouse gas (GHG) emissions and pursued solutions such as **carbon capture and storage (CCS)** to support PETRONAS' Net Zero Carbon Emissions by 2050 (NZCE 2050) Pathway and we will continue to decarbonise our operations.

We continue to strengthen our Upstream performance through:

- Focused exploration & efficient development
- Strong Health, Safety & Environment (HSE) and integrity
- Adoption of digital & technology

Business Snapshots

Downstream

Career in Downstream:

Process Engineer | Product Development Engineer | Instrumentation and Control Engineer | Retail Manager
Sales and Marketing | Formulation & Application-Engineering Fluid

What do we do

The Downstream business focuses on **enhancing the value** of our energy resources, transforming them into high quality, value-added products that are distributed to over **90 markets worldwide**. Our operations consist of **refining, marketing and trading** crude oil and petroleum products, manufacturing and marketing petrochemical products including derivatives and specialty chemicals.

With an extensive retail network of more than 1,000 PETRONAS stations in Malaysia, we offer high-quality fluids and lubricants as well as **innovative non-fuel offerings** such as Setel, Prysm and Kedai Mesra in 800 locations to make our **customers' lives simpler and better**. We also own and operate more than 40 Café Mesra offering premium quality coffee and pastries for customers on-the-go.

We are expanding our Downstream business by growing in the **cleaner energy space** with biofuels, circular economy, LNG bunkering as well as next generation fluids with PETRONAS Iona Range and installation of charging facilities at our PETRONAS stations for Electric Vehicles (EV) in line with our NZCE 2050 Pathway.

Business Snapshots

Gas

Career in Gas:

Process Engineer | Mechanical Engineer | Instrumentation and Control Engineer | Business Development | Marketing & Trading

What do we do

The Gas business is a **one-stop centre for lower carbon energy** solutions, providing secure natural gas supply to customers in Malaysia and abroad through our integrated value chain. As a **leading provider of natural gas and Liquefied Natural Gas (LNG)**, we are focused on sustaining world class operational excellence to maximise value from existing assets, pursue new projects and supply modes. This will allow us to create new markets and continue fulfilling the growing energy needs from power and non-power customers.

We are decarbonising our production footprint and **delivering innovative solutions** for customers in pursuit of realising our growth and NZCE 2050 Pathway, while supporting the energy security of our customers.

With natural gas well-positioned as the transition fuel to shift towards a lower carbon economy, we will continue to take deliberate steps in strengthening customer-centricity, operational and commercial excellence, human capital and culture development as well as digital and technological innovations.

Business Snapshots

Project Delivery & Technology

Career in Project Delivery & Technology:

Research and Development (R&D) Engineer | Project Engineer | Data Analyst/Data Scientist | Operational Excellence Manager

What do we do

Project Delivery and Technology (PD&T) division serves as **PETRONAS' Centre of Excellence (CoE)**. We shape and support the Group's growth strategies and realise our NZCE 2050 Pathway. We do this through **best-in-class project delivery, extensive research and development in technology, technical expertise and novel digital solutions**.

We continue safeguarding, shaping as well as advancing solutions and positioning future ventures. We are leveraging data as an asset, digital as an accelerator and technology as a differentiator. We strive for progress in decarbonisation, value creation and business expansion through a well-established and expanding innovation ecosystem to go beyond hydrocarbons.

H. DISCIPLINES OVERVIEW & CAREER OPPORTUNITIES

Chemical Engineering: Focuses on the design, optimisation, and operation of processes that transform raw materials into valuable products, involving principles of chemistry, physics, and biology. Chemical engineers design equipment and processes for large-scale chemical manufacturing and petroleum refining.

Career Opportunities in PETRONAS: Executive (Sustainability Development), Executive (Climate Change), Executive (Hydrocarbon Allocation), Executive (Gas Liquid Treatment), Executive (Steam & Energy), Executive (Production), Executive (Operation Engineer), Executive (Process Engineer), Executive (Supply & Ops), Executive (Field Operations), Executive (Field Improvement), Executive (Field Analysis), Executive (Integrated Oil Planning) and Executive (Refinery).

Mechanical Engineering: Deals with the design, analysis, and manufacturing of mechanical systems and components, encompassing areas such as thermodynamics, fluid mechanics, and materials science. Mechanical engineers work on a vast array of items, from tiny Micro-Electro-Mechanical Systems (MEMS) devices to massive power plants.

Career Opportunities in PETRONAS: Executive (Mechanical Engineer), Executive (Mechanical Rotating), Executive (Mechanical Static), Executive (Data Architecture Management), Executive (Technology Excellence), Executive (Digital Engineering Venture), Executive (Inspection & Corrosion), Executive (Fleet Operation & Technical Services), Executive (Field Operations), Executive (Facilities Optimisation), Executive (Pipeline), Executive (Integrated Oil Planning), Executive (Construction), Executive (Project Quality).

Electrical Engineering / Instrumentation Engineering: Designs and develops instrumentation and regulation of control systems applied in process plants, renewable energy and even maintenance i.e. pipeline flow, and refining. Electrical Engineers creates and manages electrical infrastructure, including substations, transformers, and distribution networks power systems for offshore platforms, refineries, and processing plants.

Career Opportunities in PETRONAS: Executive (Electrical Engineer), Executive (Instrument Engineer), Executive (Electrical Reliability), Executive (Turnaround), Executive (Power Plant).

Petroleum Engineering: Focuses on the exploration, extraction, and production of oil and gas, involving techniques for drilling, reservoir management, and production optimisation. Petroleum Engineers develop methods for extracting hydrocarbons from the earth efficiently and safely.

Career Opportunities in PETRONAS: Executive (Petroleum Engineer), Executive (Petroleum Economic), Executive (Petroleum Reservoir), Executive (Production Technology), Executive (Petrophysics), Executive (Wells Engineer).

Petroleum Geoscience / Geology / Geophysics: Encompasses the study of the Earth, including its composition, structure, processes, and history, as well as the exploration of natural resources

like minerals and fossil fuels. Geologists analyse subsurface rock formations, seismic data, and other geophysical surveys.

Career Opportunities in PETRONAS: Executive (Reservoir Geology), Executive (Reservoir Geophysics), Executive (Geoscience), Executive (Geomatics Operations), Executive (Research).

Applied Chemistry: Applies chemical principles & processes to support practical applications in the energy industry such as materials science, hydrocarbon operations, and environmental technology. Applied Chemists ensure the quality and compliance of products through chemical analysis and testing, researching and developing new technologies in petrochemical products.

Career Opportunities in PETRONAS: Executive (Chemist), Executive (Research), Executive (Analytical Technology), Executive (Petroleum Reservoir).

Accounting / Finance: Involves the management of financial records, the analysis of financial performance, and the planning of financial strategies for organisations. Accountants ensure that an organisation's financial records are accurate and complete, while Financial Analysts assess the financial health of companies and make investment recommendations.

Career Opportunities in PETRONAS: Executive (Finance), Executive (Procurement), Executive (Internal Audit), Executive (Treasury), Executive (Financial Accounting), Executive (Tax), Executive (Banking).

Economics: Analyses market trends, supply and demand dynamics, pricing mechanisms, investment decisions, and cost-benefit analysis related to energy portfolios, infrastructure development, and operational efficiency improvements. Economists assess economic implications of commodity price volatility, geopolitical risks, regulatory changes, environmental regulations, carbon pricing mechanisms, and renewable energy integration strategies.

Career Opportunities in PETRONAS: Executive (Commercial & Economics Evaluation), Executive (Global Marketing Operations), Executive (Origination Operations), Executive (Structured Trading), Executive (Risk), Executive (Procurement).

Marketing: Develops Marketing strategies and promotion of energy products and services globally while maintaining customer relationships, conducting market research, and ensuring compliance with regulations to drive revenue growth and enhance brand reputation. Additionally, it focuses on strategic pricing, efficient distribution, and expanding into new markets to remain competitive in the dynamic energy industry.

Career Opportunities in PETRONAS: Executive (Marketing), Executive (Marketing & Trading), Executive (Commercial), Executive (E-Com).

Software Engineering / Computer Science: Encompasses the development and maintenance of software systems, covering programming, algorithms, data structures, and software design

principles. Software Engineers write code, test software, and ensure that software systems meet the needs of users. Computer scientists develop new algorithms, programming languages, and theoretical foundations of computing.

Career Opportunities in PETRONAS: Executive (Analytics), Executive (Software Engineering), Executive (Infra & System Management), Executive (Data Platform Services), Executive (Assets Integration), Executive (Program, Planning & Execution).

Mathematics / Statistics (Data Science): Involves the use of mathematical and statistical methods to analyse data, extract insights, and support decision-making in various fields. Mathematicians develop new mathematical theories and tools, while Statisticians design and conduct surveys and experiments to collect and analyse data. Data Scientists combine mathematics, statistics, and computer science to extract insights from large datasets.

Career Opportunities in PETRONAS: Executive (Analytics), Executive (Statistics), Executive (Data Science), Executive (Trading).

Actuarial Science (Financial Risk): Applies mathematical and statistical techniques to assess and manage financial risk in the industry. Actuaries develop models to estimate the probability of future events and use these models to manage risk for organizations.

Career Opportunities in PETRONAS: Executive (Human Resource Management), Executive (Employee Performance), Executive (Risk), Executive (Business Analyst), Executive (Strategic Planning).

Psychology / Sociology (Organisational / Behavioural Sciences): Studies human behaviour and social interactions, focusing on areas such as organisational behaviour, social dynamics, and mental health. Psychologists study the mind and behaviour of individuals, while Sociologists study the behaviour of groups and societies. Organisational Behaviourists apply psychological principles to understand and improve workplace behaviour and performance.

Career Opportunities in PETRONAS: Executive (Employee Relations), Executive (Talent Development), Executive (Programme & Event Execution), and Executive (Change Management). Executive (Human Resource Management).

Law: Involves the study of legal systems, principles, and practices, preparing individuals to practice law, understand legal frameworks, and apply legal reasoning in various contexts. Lawyers apply legal principles to advise clients, represent them in court, and draft legal documents.

Career Opportunities in PETRONAS: Executive (Legal Corporate Service).

I. CONTACT US

For further assistance, please contact us:

1. edu_application2024@petronas.com.my
2. Hotline: 03 – 2331 2277 / 03 – 2051 2277 (available from 9.00 AM – 5.00 PM starting from 27 May 2024)

Should there be any update, we will reach out to you via email.

We wish you all the best and good luck!

Best regards,

PETRONAS Powering Knowledge Education Sponsorship 2024 Committee
